

1. Activation of Geolocation module in Visual Planning

Geolocation module in Visual Planning is performed using "Open Services" of Mapquest;

In order to be able to use these features in Visual Planning, it is necessary to get an access key from Mapquest "Open services". (refer to chapter 2.).

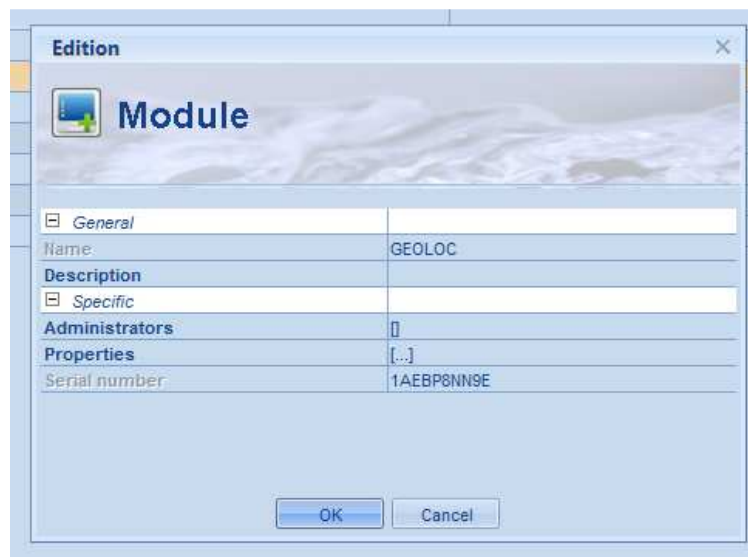

Once the key is generated, you will have to enter it in Visual Planning in order to make the service operational.

For this :

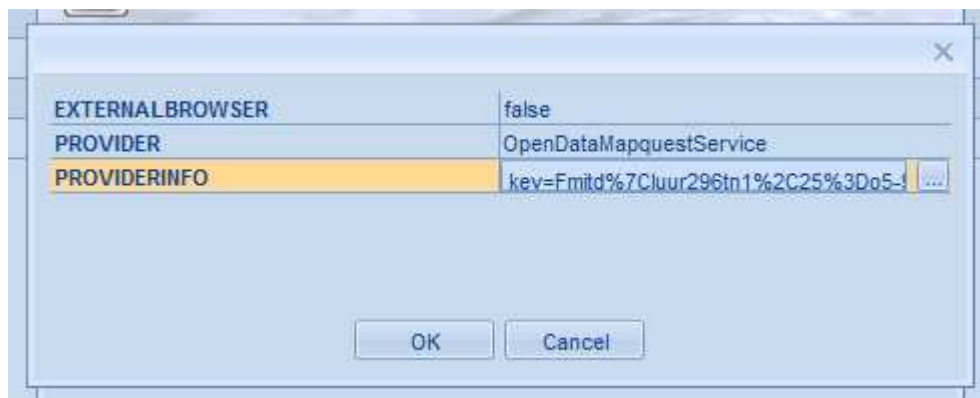

- Connect yourself to Visual Planning Administration module,
- In the « **Modules** » area, activate the « **Modify** » option of the contextual menu of Geolocation module.

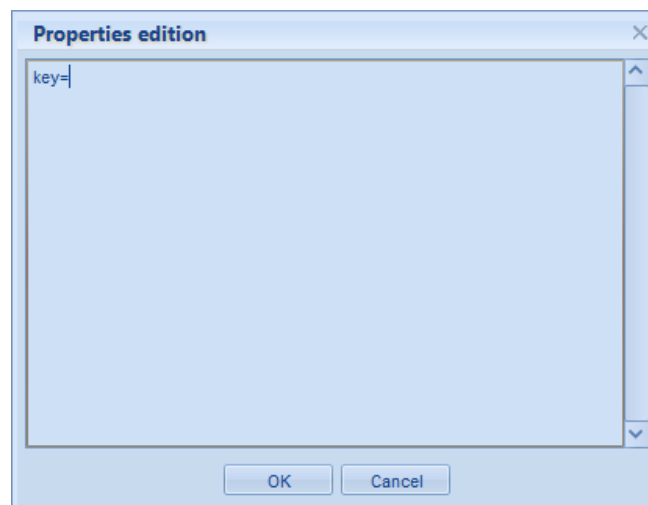

- Click on the « ... » in front of the « Parameters » label so that the edition window would be displayed.

- Click in the right in front of the PROVIDERINFO label to modify the definition of this parameter.

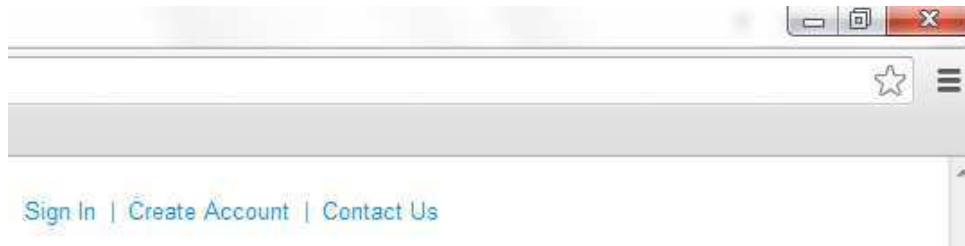

- Enter in the text area the chain « **key=xxxxxxxxxxxxxxxx** » replacing **xxxxxxxxxxxxxxxx** by the value of your MapQuest key.

- Close all the windows using **OK**.

2. Creation of a MapQuest key

First connect yourself to: <http://developer.mapquest.com/>

In the upper right hand side, enter in « Create account ».

A screenshot of the "Create Community Account" form on the MapQuest developer website. The form is titled "Create Community Account" and includes a close button (X) in the top right corner. It contains several sections: 1. A link for users who already have a DevNet account to "sign in here". 2. A note: "To create an account, enter your information below. * All fields are required." 3. A series of input fields: "* First Name:", "* Last Name:", "Company:", "Phone:", "* Email:" (with a note "Email is used for your login email."), "* Password:", and "* Confirm Password:". 4. A section for "Would you like to create an App Key?" with a checked checkbox and a help icon (?). Below this is a note: "To create an App Key, enter your information below. Fields marked with *, are mandatory." 5. A checkbox for "* Terms Of Use:" with the text "I have read and agree to the Community Edition Terms of Use." 6. An input field for "* AppKey Name:" with a note: "Name your application key so you can recognize it later." and a red note: "Note: It will take approximately 1 hour for your AppKey to be active." 7. A section for verification: "Enter the text shown below for verification." with an input field for "* Text in Image:" and a CAPTCHA image showing the number "1241" and a red letter "C". 8. A "Terms:" section: "By clicking 'Create Account' below, you are indicating that you have read and agree to the MapQuest Terms of Use and Privacy Policy and agree to receive notices and updates to these terms from us by e-mail or other electronic means." 9. A green "Create Account" button at the bottom.

After having entered the necessary information and activate "Create Account", you will get confirmation of the creation.

The key will be provided within one hour from Open service of MapQuest in a mail sent to the email address you provided.

This key can also be found on the MapQuest site:

<http://developer.mapquest.com/web/info/account/app-keys>

Your key is in the column **Application Key**.
